

***IN THE UNITED STATES PATENT AND TRADEMARK OFFICE***

Applicant: Yu et al.  
Title: TUMOR NECROSIS FACTOR-GAMMA  
Appl. No.: 09/899,059  
Filing Date: 7/6/2001  
Patent No.: 7,597,886 B2  
Grant Date: 10/6/2009  
Examiner: Romeo, David S.  
Art Unit: 1647  
Confirmation Number: 5121

**REQUEST FOR RECONSIDERATION OF PATENT TERM ADJUSTMENT**  
**UNDER 37 C.F.R. §1.705**

Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Sir:

Applicants respectfully request reconsideration of the Patent Term Adjustment (PTA) determined for the captioned patent, which issued on 10/6/2009 as U.S. Patent No. 7,597,886 B2.

The Patent Office determined that the patent is entitled to 1443 days of PTA. Applicants believe that this PTA determination was made in accordance with the “Explanation of 37 CFR 1.703(f) and of the United States Patent and Trademark Office Interpretation of 35 U.S.C. §154(b)(2)(A)” published at 69 Fed. Reg. 34238 (Jun. 21, 2004). Under that interpretation of the PTA statute, any PTO delay under 35 U.S.C. § 154(b)(1)(A) is deemed to overlap with any 3-year maximum pendency delay under 35 U.S.C. § 154(b)(1)(B), and so, as a practical effect, PTA may be awarded under §154(b)(1)(A) or §154(b)(1)(B), but not both.

On September 30, 2008, the United States District Court for the District of Columbia issued a decision finding that the U.S. Patent and Trademark Office’s interpretation of the PTA statute is incorrect. *Wyeth v. Dudas*, Civ. Action No. 07-1492 (JR) (Sep. 30, 2008). The court determined that, under the correct interpretation of the PTA statute, periods of “overlap” are limited to “periods of time . . . [that] occur on the same day.” *Wyeth*, slip op. at 8. Thus, a PTO delay under §154(b)(1)(A) overlaps with a delay under §154(b)(1)(B) only if the delays “occur on the same day.” *Id.*

Applicants have recalculated PTA for the captioned patent under the court's interpretation of the PTA statute, and have determined that the patent is entitled to **2035** days PTA, as shown on the attached sheet, which shows the relevant delays under 37 CFR §§1.702(a) and (b), and under 37 CFR §§1.703(a) and (b).

The attached sheet details the circumstances during the prosecution of the application resulting in the patent that constitute a failure to engage in reasonable efforts to conclude processing or examination of such application as set forth in § 1.704.

(a) Total of non-overlapping PTO delay under §154(b)(1)(A) & (B): 2434 days

(b) Total Applicant delay: 399 days

Final PTA Determination: 2035 days

Applicants therefore respectfully request that the patent be accorded 2035 days PTA.

The patent is not subject to a terminal disclaimer.

*Applicants would like to point out that on July 23, 2009, Applicants filed a Supplemental Declaration at the request of the U.S. PTO. The Examiner indicated that the original Declaration could not be found, and a new one was required. Applicants should not be charged 76 days of PTA for complying to the Examiner's request.*

Payment of the requisite fee is submitted herewith. Should no proper payment be enclosed herewith, as by the credit card payment form being unsigned, providing incorrect information resulting in a rejected credit card transaction, or even entirely missing, the Commissioner is authorized to charge the unpaid amount to Deposit Account No. 19-0741.

However, because this PTA error is due to a Patent Office error in interpreting and applying the PTA statute, a refund of the fee is respectfully requested.

Applicants request further that a decision on this request be **deferred or delayed** until a final decision has been rendered in *Wyeth v. Dudas*, which is now on appeal at the U.S. Court of Appeals for the Federal Circuit, under Federal Circuit Docket No. 2009-1120.

Respectfully submitted,

Date: December 4, 2009
